## Skill Highlights

---

- Area Of Expertise
  - Leadership and Management
  - Staff Supervision and Development
  - Regulatory Compliance
  - Trouble Shooting and Repair
  - Preventive Maintenance
  - Problem Indication and Resolution
- >Software Skills
  - >Microsoft Office Tools
  - >SAP Functional Modules
  - >Material Management & Plant Maintenance
  - >CAD Tools
  - >Auto Cad

## Core Accomplishments

---

- Seasoned, Dedicated, Hands on professional with 13 years of experience in managing Heavy Equipment Maintenance operations.
- Offers extensive experience in Equipment industry while providing technical support in maintenance,inspection,dispatch,logistic and mobility activities.
- Adapt day to day maintenance activities, shift scheduling.
- Perform evaluation, Logistic support and follow up inspection on maintenance activities.
- Skilled in the administration and maintenance of key programs scheduling, supply bench-stock, Technicalorders, time compliance modifications, Hazardous waste, tool control, equipment management and mobility.
- Achieved 95% quality assurance personal pass rate by closely monitoring more than 200 maintenance task,ensuring compliance with high standards.
- Proficient with Microsoft office tools(Word ,Excel, Power Point) and Microsoft Access.
- Insured high Quality maintenance and on time task completion on all maintenance actions resulting in 97% equipment reliability and in-commission rate.

# Professional Experience

---

**ASST.ENGINEER**

**03/2015 to Current**

**ROYAL FLIGHT**

**SULTANET OF OMAN-MUSCAT**

- Oversees and inspect all maintenance actions performed by technicians.
- Ensure high quality schedule and un-schedule maintenance is performed in accordance with manufacturer's publications and safety directives.
- Evaluate the performance of mechanics for compliance and accuracy of work performed.
- Utilizes schematics, flow diagram and theory of operations to trouble shoot complex malfunction on hydraulic,electrical,electronic and Logical control systems on turbine engines,**Diesel engines(Cummins,Perkins,Deutz,Caterpillar )** ,Hydraulic system and auxiliary power units, aircraft towing vehicles,and self-generating nitrogen servicing units.
- Advises mechanics on root cause and explains proper repair procedures.
- Provide guidance on the use of Hand Tools, special tools,power tools and test equipment utilized to trouble shoot, repair and replace major components installed on the ground support equipment's.
- Perform trend analysis and root cause determination to implement maintenance actions to minimize repeat and reoccurring malfunctions in equipment's.
- Conduct shop safety and environment compliance inspections to guarantee that all employees operate in safe environment and utilize proper personal protective equipment as well as comply with DGCA requirements and local hazardous material/waste procedures.
- Experience in Desert Convoys.

**ENGINEER**

**01/2007 till 03/2015**

**JET AIRWAYS INDIA LIMITED**

**BANGALORE ,KARNATAKA**

**MAINETNANCE ENGINEER**

**01/2005 till 01/2007**

**PSM AVIATIONS PVT LIMITED**

**BANGALORE ,KARNATAKA**

## Education

---

**GED: BACHELORE OF MECHANICAL ENGINEERING**

**2004**

**GOGTE INSTITUTE OF TECHNOLOGY**

**BELGAUM,KARNATAKA, INDIA**

# Training Programs

---

- Operational & Maintenance Training conducted by OEM on **JLG Scissor Lifts, Boom Lifts, Side boom, Diesel & Electrical FORK LIFTS (Hyster, Toyota, Mantec) , CATERPILLAR- Generators, COBUSES, VOLVO /MERCIDIES/MAN/RENAULT –TRUCKS, Conveyor Belts, Hi-Lift Loaders, Mobile Air Conditioning Units , Air Compressors** etc.
- Fire Fighting and First Aid Training.

## Additional Information

---

### Personal Profile

Date of Birth	25 <sup>th</sup> JULY 1982
Gender	Male
Nationality	Indian
Passport Details	Valid up to Jan 2025
INTERNATIONAL Driving License-GCC	LMV valid upto 2026
