Date:

The Recruiting Officer,

Dear Sir,

I would like to apply for the post of Civil Engineer for Site supervision. I am currently employed with City Engineering Bureau as a Senior Civil Engineer (Supervision).

As you can see from my Curriculum Vitae, I have amassed over 18 years of significant progressive experience in Civil Engineering projects within the Multistoried building, Villas, Factory full renovation and Substations construction works. During my career, I have participated in more than 6 engineering projects from 0% to 100% progress and I have much experience in various types of construction works (load-bearing structures, Framed structures, Steel structures, Precast structures, Pre-& Post tension structures). I have much experience in various types of formwork execution like conventional system, Mivan system, Precast structures and steel structures installation systems and I have the experience in various types of foundation works like Piling (DMC, Auger and Driven pile). All of them were successful.

My progressive engineering experience has provided me with the opportunity to develop strong client relationship building skills and an ability to lead multi-disciplinary teams. I am experienced in applying the principles of civil engineering when planning, designing, and overseeing the construction and maintenance of structures and facilities.

I enclose my resume for your review and look forward to meet with you in the near future. If you have any questions or require clarification on any information please contact me at the mentioned above.

I would welcome the opportunity to talk to you and I hope that you will invite me for an interview. I thank you for your time and I look forward to hearing from you.

Your Sincerely,

Nandakumar Petchimuthu

RESUME

NANDAKUMAR. P

S/o. M. Petchimuthu,
