Construction Skills Certification & Training

- SAP2000, Software for Design and Analysis
- AutoCAD
- in Word Document & Excel, Power Points
- Gantt Chart for Project Construction Activities and Critical Path
- Proposal structural design
- Select right materials and feasibility study
- Client focused
- Detailed knowledge of structural design and delivery
- Working knowledge of UK and European codes of practice
- Working knowledge of BS8110-1997 concrete design
- Strong analytical skills, attention to detail and commercial awareness
- Very good understand of geotechnical (Soil types, deep understand of foundation types)
- Very good using Etabs for modelling and design

Education:

- 2018 primavera P6
- 2018 Etabs, modelling Design Structure and Analysis
- 2017 MSc in Structural Design and Construction Management
Kingston University, London (Merit)
- 2016 Bachelor of Science (Honours) in Civil Engineering (First Class)
University of Derby, UK
- 2016 AutoCAD level 2, Richmond College
- 2015 Higher National Diploma in Construction and Build environment (Civil Engineering)
UCK London College
- 2013 CSCSC Construction Skills Certification

Languages:

- English
- Arabic

Hobbies and Interests:

Outside of work, I have used my spare time do some of exercise to keep my body fit, also I like spent some time with my little son painting and drawing as both are enjoyed. Skills in Graphic Design to create various concert flyers by using AutoCAD and other types of software are part of interest. At the weekend go out with family friend for a coffee while watching a football game. Travelling around the world is one of my favourite hobbies especially historical places where you can enjoy seeing different building design.
